EDUCATION

Gretsa University

Bachelor of Science in Computer Science :

Studied Computer Science with a focus on web and blockchain development, front-end technologies, and software testing. Gained a solid understanding of computer science principles, algorithms, and data structures. Worked on collaborative projects, gaining hands-on experience in building and deploying web solutions.

WORK EXPERIENCE

Intern: Safety Plus Ltd

Duration: [September 2023] - [December 2023]

Collaborated with a dynamic team to deliver innovative web solutions, enhancing user experience and functionality.

Developed engaging front-end applications using HTML, CSS, and JavaScript, contributing to successful project outcomes.

Google Developer Core Team Students Club Lead

July 2023 - Present

Fostered a collaborative learning environment, mentoring students to enhance their development skills and technical knowledge.

Empowered club members to leverage technology for community impact, facilitating workshops and tech events.

FEATURED PROJECTS

• **Web3.0 – WambCrypt:** *A decentralized platform for secure transactions.*

[View Project](#)

• **React Template Design:** *Responsive templates designed for modern web applications.*

[View Project](#)

• **Dashboard Design:** *User-friendly dashboards for data visualization.*
