SUMMARY

Studied Computer Science with a focus on web and blockchain development, front-end technologies, and software testing. Gained a solid understanding of computer science principles, algorithms, and data structures. Worked on collaborative projects, gaining hands-on experience in building and deploying web solutions.

WORK EXPERIENCE

Intern: Safety Plus Ltd

[September 2023] - [December 2023]

- Collaborated with a dynamic team to deliver innovative web solutions, enhancing user experience and functionality.
- Developed engaging front-end applications using HTML, CSS, and JavaScript, contributing to successful project outcomes.

Web Developer: Morphosis Ltd

[January 2023] - [May 2023]

- Collaborated with a team to deliver high-quality web solutions by designing and developing dynamic websites. Utilized HTML, CSS, and JavaScript for front-end development, PHP for back-end development, and conducted thorough testing to ensure functionality and reliability.
-

EDUCATION

Gretsa University

Bachelor of Science in Computer Science :

[September 2021] - [December 2020]

Specialization in Software Development.

Thesis on "Innovative Approaches to Efficient and Scalable Computing Solutions."

Thesis on "Advancements in Web and Blockchain Technologies."

ADDITIONAL INFORMATION

- Proficient in JavaScript, Solidity, and TypeScript for web and blockchain development.
- Strong skills in HTML, CSS, JavaScript frameworks (React, Vue.js), MongoDB, and Sass.
- Highly skilled in ensuring software quality through thorough testing and ongoing maintenance practices.
- Passionate about leveraging technology to deliver impactful solutions and drive innovation.
